

**CITY WATER LIGHT & POWER
CITY OF SPRINGFIELD, ILLINOIS**

**Douglas A. Brown
Chief Utility Engineer**

On Thursday, September 22, beginning around 6:00 a.m., lanes will be reduced for overhead traffic signal replacement at Toronto Road near one of the I-55 exits. The left turn-lane to Toronto Road from the exit ramp from south-bound I-55 will be reduced along with one east-bound lane of Toronto Road at the same intersection. This work is expected to be complete by 3:30 p.m. In the event of inclement weather, this work will be rescheduled.

Motorists should plan to take alternative routes to avoid delays and should slow down and drive with caution around this work zone.
