

**CITY WATER LIGHT & POWER
CITY OF SPRINGFIELD, ILLINOIS**

**Douglas A. Brown
Chief Utility Engineer**

UPDATE 11:00 AM: Power has been restored to all customers.

City Water, Light and Power crews are responding to a power outage affecting over 1,400 customers served by our Eastdale substation. Area affected includes from E. Cook St. to E. Ash St. approximately between S.12th St. and S. Pope St. This outage was caused by an equipment failure at E. Jackson St. and S. Wesley St. where a pole is on fire. Crews will work as quickly and safely as possible once problem is identified.

DRIVE NOTE: Traffic lights could be affected so drivers may want to avoid the area and remember to treat intersections with flashing light as a stop sign.

FOLLOW STATUS: Customers can view and track their electric service status from the outage map, available from the Outage Center link at CWLP.com at <https://outagemap.cwlp.com/>. More information and updates on outage status will be posted as available on the CWLP Facebook and Twitter pages, www.facebook.com/4CWLP, www.twitter.com/CWLP.
