

**CITY WATER LIGHT & POWER  
CITY OF SPRINGFIELD, ILLINOIS**

**Douglas A. Brown  
Chief Utility Engineer**

Springfield, Illinois - Drivers should be made aware traffic on Jefferson Street near the intersection with Lewis Street will be reduced down to one lane this evening to accommodate City Water, Light and Power's emergency repairs to a broken 6-inch water main. Work is scheduled to begin at 5 p.m. Some lanes will reopen after initial repairs. Others will remain closed until road surface repairs are complete.

Motorists should plan to take alternative routes and should slow down and be aware of construction and repair crews and equipment in and near roadways.
