The written exam has been developed by Talogy, a public safety personnel selection consulting firm. It will be held on two separate dates, Thursday, January 5 and Saturday, January 7, 2023, at the Crowne Plaza located at 3000 S. Dirksen Parkway, Springfield, IL. Once you have applied and your application has been accepted, you will receive an email from the Office of Human Resources requesting your test date preference. **Check-in will begin 30 minutes prior to the exam. NO LATE ARRIVALS WILL BE ADMITTED.** The Office of Human Resources reserves the right to add an additional session if needed.

Candidates must present a valid driver's license or other form of photo identification to be admitted. The exam will take approximately 3 hours to complete. Cell phones, smart watches, hats, and food will not be allowed in the testing area. Drinks with a cap or cover on them will be permitted.

The written exam consists of three components. The cognitive component includes multiple-choice questions designed to assess verbal comprehension, verbal expression, problem sensitivity, deductive reasoning, inductive reasoning and information ordering. The two behavioral components of the written exam include questions designed to assess personal characteristics such as motivation, team orientation and conscientiousness. The passing score for the written exam is an overall 70%. **Candidates who pass the written exam will be placed on the preliminary eligibility register.**

PHASE 1 ~ WRITTEN EXAMINATION continued

Only those who receive a passing score on the written exam will be permitted to advance to the oral assessment screening.

Candidates should not call the Civil Service Commission office or the Springfield Fire Department to obtain exam results.

PHASE 2 ~ PHYSICAL ABILITY

Illinois State Statute 65 ILCS 5/10-7-1.1 mandates all firefighter candidates demonstrate the physical ability to perform the essential functions of the position of firefighter. The Candidate Physical Ability Test (CPAT) is designed to assess a candidate's capacity to perform a series of events that both simulate firefighting activities and depend on the physical abilities required to perform the firefighter's job.

The cost for applicants to take the CPAT is \$150. Hardship waivers are available for those meeting the Federal Poverty Guidelines. Please contact Human Resources so eligibility can be determined. A copy of the candidate's valid Candidate Physical Abilities Test (CPAT) card, including confirmation of the successful completion of the Ladder Climb test, must be received prior to the candidate starting the background investigation phase.

CPAT

The CPAT consists of eight critical physical tasks that simulate actual job duties. The CPAT requires firefighter candidates to engage in the following activities:

- Stair Climb
- Hose Drag
- Equipment Carry
- Ladder Raise & Extension
- Forcible Entry
- Search
- Rescue
- Ceiling Breach & Pull

Go to <http://centralillinoisfirechiefs.com/CPAT/Expected.aspx> for the orientation guide.

Candidate success is measured on a pass/fail basis. Failure to provide documentation of the successful completion of the CPAT and the Ladder Climb test will result in disqualification from the testing process.

PHASE 2 ~ PHYSICAL ABILITY continued

Ladder Climb

The ladder climb exercise is designed to assess a candidate's ability to climb a ladder and operate from heights. Some agencies will include this separate phase in the CPAT cost. Please make sure you receive a certification of completion for both the CPAT and Ladder Climb.

Where is the CPAT Offered?

In Illinois, the CPAT and Ladder Climb tests are offered at the following locations:

Location: Decatur, IL

Website: <https://centralillinoisfirechiefs.com>

The assessments will be conducted by a panel of assessors who will ask candidates a series of questions related to their qualifications for the firefighter position, their response to situations they have faced in the past, and their response to hypothetical scenarios describing situations they may face in the future. Some of the dimensions that MAY be assessed during the oral assessment include, but may not be limited to, comprehension/reasoning, presentation skills, interpersonal relations/team orientation, motivation/initiative, integrity and adaptability.

Candidates must bring a driver's license or other form of photo identification with them. If a candidate is not present at the assigned time, he/she will be considered to have failed the exam. Candidates will not be evaluated based upon appearance; however, business casual wear would be appropriate.

PHASE 3 ~ ORAL ASSESSMENT continued

All candidates on the preliminary eligibility register will be scheduled for an oral interview. There is no minimum passing score for this phase of the exam. The oral interview scores will be combined with the written exam scores to form the initial eligibility register. The overall passing score will be in accordance with 65 ILCS 5/10-1-7.1.
